MEMORANDUM FOR: Chief, PPS/OTR

SUBJECT : Your Queries on Catalog and Bulletin

25X1 1. At the oral request of [redacted], the CSTC has examined
 25X1 the question of numbered control of OTR Catalogs—[redacted]
 25X1 [redacted] Editions. The numbered control of Catalog
 of Courses [redacted] may be dropped for dissemination within CS Head-
 quarters. However, the dissemination control "CS Headquarters Use
 Only" must be clearly printed on the front cover in a easily readable
 position, possibly immediately above the SECRET indicator. The
 numbered control should be retained for the sterilized version which
 is being prepared for Field dissemination.

25X1 2. The oral request of [redacted] for CSTC to consider inclusion
 of DDP Training Officers in the Bulletin has likewise been reviewed.
 At this time we do not believe it advisable or necessary. DDP policy
 prohibits publication and dissemination of lists of true names of its
 employees. In consequence, the CSTC will continue its procedure of
 supplying such a listing to only those who have a "need-to-know." A
 revised listing, reflecting recent personnel changes, is now in process.
 If you or DTR have a need for the list, please let us know.
